

## Smile at Me...

I've been immersed in gloom,  
But I'll be done with it real soon;  
I am taking steps to cheer up—  
I think that I can “gear up”,  
To be a lot more cheerful  
Instead of being drearful;  
So please give me some aid  
So my gloominess will fade—  
Just smile when our paths cross  
And that smile will not be lost.  
I will take it on my way  
And pass it on all day,  
And that smile will spread around  
To all the people in our town;  
And don't just smile for me  
But for everyone you see;  
You never know who needs it  
Or where the Lord will lead it.
