Zion's youth ministry, is an age-specific religious ministry and is the way in which we involve and engage with the young people who attend its our place of worship, or live in the community.

Our youth ministry includes some of the following:

- Encouraging young people who profess a faith to learn more about it and become more involved in spiritual life.
- Encourage those who show interest in different aspects of the church to get involved.
- Providing you activities for the common good of the young people, sometimes without an overtly religious agenda.

As well as organizing events and activities, Zion's youth ministry will usually include some form of spiritual education and encouraging words from our Bishop.

- We keep our youth involved throughout various ministries....
- Our talented organist is in our youth ministry...
- Our media team is operated by members of our youth ministry....
