

Our Nurses are committed to providing care to the Bishop and Assistant Pastor during all worship services.

Zion’s nurse’s ministry also serves as an assistant to the Bishop in various capacities during special services and outside services.

Our nurses assist the congregation during all services rendering immediate, temporary, and emergency care to the sick, injured, and bereaved

Our purpose is to reflect God's love through professional and personal caring as a fulfillment of the Biblical mandate set by the precedence of the ministry of our Lord and Savior Jesus Christ
